

MQX for NXP Processors

Continue working with MQX on your future projects

- MQX licenses, maintenance, and support are available for all NXP processors.
 - ★ Licenses start at \$6K for a single product license for mainstream processors and includes MQX RTOS, RTCS TCP/IP Stack, MFS File System, Web Server, USB, and more.
 - ★ Annual maintenance starts at \$3.5K and includes access to patches, bug-fixes, and future releases of MQX for the licensed processor(s).
 - ★ Professional support available in 50, 100, and 200 hour packages.
- Purchase all through NXP.
- Porting, maintenance, and support provided by Embedded Access Inc.
